ARBOFLEX PU THICKENER is a polymeric thickener, developed specifically as a liquid additive for the polyurethane liquid membrane ARBOFLEX PU. For use on vertical or sloped surfaces, providing thixotropic properties.

**PRODUCT APPLICATION**

- Additive for ARBOFLEX PU to be applied on vertical or sloped surfaces. Prevent sagging of the membrane due to its drying time.

**APPLICATION METHOD**

- Add ARBOFLEX® PU THICKENER in the proportion needed (maximum 800 ml per 20 kg of ARBOFLEX PU) in the drum of the ARBOFLEX PU.
- The mixing ratio is relative to site conditions.
- Continue mixing until the product is homogeneous.
- If the outside temperature is lower than 5º, heat before mixing with ARBOFLEX PU.

SHELF LIFE
12 months at temperatures between 5°C and 35°C, provided it is stored in a dry place.

PACKAGING
Metal tins of 1l.

HANDLING
The safety recommendations are necessary for correct installation of the product.

• Respiratory Protection: When handling or spraying use an air-purifying respirator.

• Skin protection: Use rubber gloves, remove immediately after contamination. Wear clean protective overalls. Wash thoroughly with soap and water after working.

• Eye / Face: Wear safety goggles to prevent splashing and exposure to particles in the air.

• Waste generation should be avoided or minimized. Incinerate under controlled conditions in accordance with local laws and national regulations.

For further information consult our technical department.
